

THE FUN YAK AND WEEDMATE

MORTON BOATS

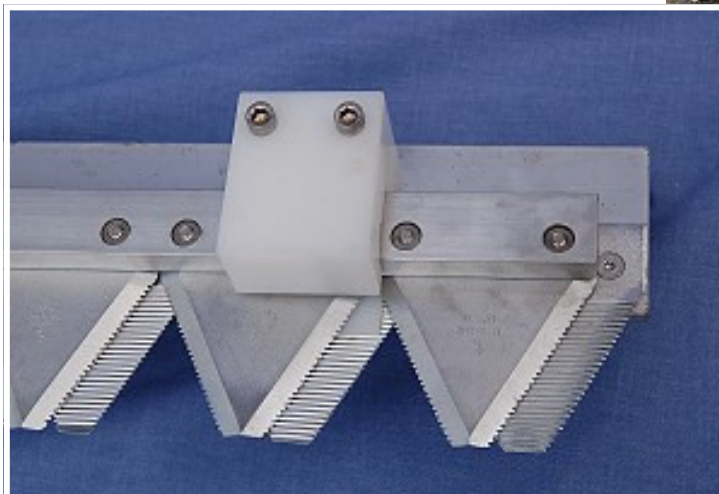

Outdoor Leisure

Rake fitted

The forward locker is the ideal position for a leisure battery which will power the cutter for up to 6 hours.

When the cutting is finished simply change the cutter for the weed rake and push the weed to the bank sides.

In conjunction with Reedman services, Morton Boats have found another way to use the versatile Fun Yak 3.50 and 2.80. This time as a weed cutting boat.

As you can see, the moulded eyes at the bow of the boat lends itself perfectly to take the cutter bracket. This gives depth and cutting angle adjustment.

Fun Yak 3.50
With weedmate

Prices

Fun Yak 3.50 £945.00
